### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ido Rabinovitch on 5/11/2006.

The application has been amended as follows:

13. (Currently amended) A method for producing a lead frame-based housing, comprising:
- a) providing a lead frame having a front side and a back side, the lead frame comprising two connector strips, at least one of the connector strips having an injection aperture,
  - b) applying to said lead frame an injection mold that forms around said lead frame a cavity for creating a housing base body having a back wall that includes a first recess that extends from said injection aperture and placing an injection nozzle proximate to said injection aperture,
  - c) injecting an injection compound into said cavity from the back side of the lead frame,
  - d) causing the injection compound to at least partially solidify, and
  - e) removing the injection nozzle and opening the injection mold.

In claim 15, line 2, before "recess" insert "second".

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: Regarding claims 1 and 13 as amended above, the references of record either individually or in combination do not teach or suggest a lead frame based housing with an injection aperture that includes a recess that extends from the injection aperture.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Colleen A. Matthews whose telephone number is 571-272-1667. The examiner can normally be reached on Monday - Friday 8AM-4:30PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Eddie Lee can be reached on 571-272-1732. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
